Web3 Airdrop Discovery is Broken

Scam-Ridden Landscape

Millions lose funds to fraudulent airdrops. No verification standard exists across Web3.

Fragmented Discovery

Opportunities scattered across 50+ platforms no single trusted intelligence source.

Low Signal, High Noise

Low-quality drops buried under spam. Real high-value alpha is nearly impossible to find.

Access Inequality

Retail users miss high-value drops that power farmers & insiders capture first.

Hot Opportunities Right Now

AI-curated airdrops with the highest reward potential and success probability

All | Easy | Medium | Hard

B **BULK** `HARD`
Solana

DeFi platform with $8M raised. Stake SOL, earn Discord roles, and build wallet history.

REWARD POTENTIAL

$200 – $2,000

P **PlutonAI** `EASY`
Multi-chain

AI-powered DeFi platform with $2.7M raised backed by Kitchen. Join waitlist for early access.

REWARD POTENTIAL

$50 – $300

Q **QFEX** `MEDIUM`
Multi-chain

Y Combinator-backed hybrid perp futures exchange with $9.5M raised. Trade TradFi assets.

REWARD POTENTIAL

$100 – $1,000

Three Steps to Earn

01
Discover

Our AI scans hundreds of blockchain projects daily to surface the best airdrop opportunities before they go viral.

02
Farm

Follow step-by-step guides optimised for maximum reward. Track your progress on the personal dashboard.

03
Earn

Claim your tokens at snapshot. Our wallet analyser helps you optimise for every eligibility requirement.

NexDrop AI Chatbot Now Live

Ask about DeFi airdrops, CoinGecko listings, chain-specific opportunities and more. Free & Pro tiers available.
